1. About the Institute: -

Shri. Vithalrao Joshi Charities Trust, since last many years is providing humble services like health care & social welfare through its BKL Walawalkar Hospital, Diagnostic & Research centre, to the needy & poor population of the Konkan region, who were previously deprived of such basic facilities. In this short span of years, the Institute has climbed a remarkable height of achievements in various fields & has gained a respectable status recognized, not only in the local or national level but also at international level. The Institute have promoted many social, health care facilities & is conducting various projects like- Medical & surgical camps, Cleft lip & Cleft palate, Community health program, Malnutrition camps, ANC checkup, “ladoo” distribution for Pregnant Ladies & Malnourished children, TATA rural outreach program for cancer, etc- with services of Indian & foreign specialists from Mumbai, England, Spain, Germany. To cater the basic, higher & special educational needs of the society, for which the students had to travel miles away, the Trust established various education projects like Primary/Secondary English medium residential school, Junior College of Science, Samarth Institute of Nursing Education, College of Advanced studies and Rural Medical College. All the courses are approved by the Government & the respective Authorities like Nursing Council, State board of technical education, University of health science and MCI. The institute fulfills the norms and standards laid by them. The admissions to these courses are purely based on merit & as per the norms of affiliating authorities. The trust has its own super specialty hospital which consists of various departments like Pathology Laboratory, Blood bank, Component Lab, X-ray radiography, ultra sonography, CT scan, Hemodialysis, Operation theatres which are well equipped with highly advanced facilities. The institute has separate hostel & mess facilities for male & female students. Also the Institute has established an Sports Center of International standard with facilities like Synthetic running track, Foot ball Ground, Gymnastics, Badminton, Basket ball, Rifle shooting, Chess and carrom The students are provided with individual guidance from skilled & qualified staff of the institute as well as from the eminent visiting faculties of the respective field. With this support & guidance the students are carrying out many social & clinical research projects successfully. The courses are proving to be very useful for our students in building their career. Many of the passed out students of our Institute are working in reputed Institutes on respectable posts. The pass outs have great demand at national & international sectors and have job opportunities in Government / Private Sectors & also helpful for self employment. The students are also provided employment in Institute’s hospital & other related projects as per the requirement.

✦ Our Mission.....

Our Institute is dedicated to provide quality services in health care, education & social welfare with convenient and smooth mechanism to make the society healthy, literate, self sufficient and satisfied in all aspects. Since cost of health care & knowledge is becoming unaffordable for common man, cost effective health care & education of community would be achieved with the awareness of community on promotive, preventive and curative aspects of their health & social problems. Within the mere span of few years our Institute have crossed many mile stones of achievements & grown into various branches of services with fruits of outstanding facilities. The institute has undergone tremendous change with changing time in its serving attitude. The quest to serve is still active & increasing with regular progress in various services of Institute. Many ambitious development plans are on the way & most of them are on the verge of completion. The Institute is trying its level best & gives its sincere efforts to achieve its objectives. For this it adopts strict progressive policies, without any compromise with its transparent, responsive & full-proof functioning morals & principles. The institute maintains high standard of working & discipline. This has enabled the institute to gain the peak of performance. ISO 9001-2008 certification of the institute proves the quality of standards maintained by us. The commitment of our institute to serve, educate, motivate & progress will enable positive growth of the society, build them to deal confidently with their sufferings & withstand the global competitive environment.

◎ Aims- The aim of conducting these courses is to upgrade the students to:

- Assume responsibilities as professional, competent clinical personnel/ technocrats at basic level in providing Preventive, Curative and Rehabilitative services.
- Make independent decisions in acute clinical situations protect the rights of and facilitate individuals and groups in pursuit of health, functioning of the hospital, community services and conduct research studies in the areas of various clinical practices.
- They are also expected to assume the role of Leader, Teacher, Supervisor, Manager, Entrepreneur in clinical / public health settings.

⇒ Objectives: - On completion of these courses the students will be able to:-

1. Assess the health status, identify needs, plan, implement and evaluate service for patients / clients that contribute to health of individuals, families and communities.
2. Demonstrate competency in techniques based on concepts and principles from selected areas of technical, clinical, physical, biological and behavioral sciences.
3. Participate as members of health team in the Preventive, Curative and Restorative health care delivery system.
4. Demonstrate skills in communication and interpersonal relationship.
5. Demonstrate leadership qualities and decision making abilities in various situations.
6. Demonstrate skills in guiding & teaching to individuals and groups in community health settings.

7. Demonstrate managerial skills in community health settings.
8. Practice ethical values in their personal and professional life.
9. Participate in continual study & research activities and utilize research findings in improving their skills.
10. Recognize the need for continued learning for their personal and professional development.

Post Basic B.Sc Nursing (2 Yr)	20	GNM (Age limit 17 to 35 years)
Revised General Nursing & Midwifery (RGNM) - 3½ Yr	20	HSC Passed (Science stream)
Revised Auxiliary Nursing & Midwifery (RANM/ MPHW) - 2 Yr	20	HSC Passed (any stream)

Courses under Competency Based Minimum Employable Skill Development (PMKUVY)

Course Name	Duration	Min Qualification
Bedside Assistant	450 Hrs	8th Std
Dietician Assistant	270 Hrs	8th Std
Inoculator	300 Hrs	8th Std
CSSD Assistant	180 Hrs	8th Std
Optician	120 Hrs	8th Std
Basic of Anatomy & Physiology	300 Hrs	10th Std
Dental Ceramic Assistant	120 Hrs	10th Std
Health Care Multipurpose Worker Level I	450 Hrs	10th Std
Nursing Aids	400 Hrs	10th Std
Bioelectrical Modality Operator Level II	300 Hrs	10th Std
Dental Hygiene Assistant	300 Hrs	10th Std
Pharmacy Assistant	180 Hrs	10th Std
Optometrist	170 Hrs	10th Std
Vaccination Technician	200 Hrs	10th Std+ Basic of Anatomy & Physiology
Dresser	270 Hrs	10th Std+ Basic of Anatomy & Physiology
Midwifery Assistant level II	200 Hrs	10th Std+ Basic of Anatomy & Physiology
OT Technician Level II	270 Hrs	10th Std+ Basic of Anatomy & Physiology
Physical Modality Operator Level II	300 Hrs	10th Std+ Basic of Anatomy & Physiology
Diathermy Operator Level II	300 Hrs	10th Std+ Basic of Anatomy & Physiology
Chiropractic Operator	200 Hrs	10th Std+ Basic of Anatomy & Physiology
Biomobility Technician	300 Hrs	10th Std+ Basic of Anatomy & Physiology
Competency Based Modular Employable Skills (MES)	120 Hrs	10th Std+ Basic of Anatomy & Physiology
Lab Assistant	450 Hrs	10th Std+ Basic of Anatomy & Physiology
Radiology Technician	270 Hrs	10th Std+ Basic of Anatomy & Physiology
CSSD Technician Level II	270 Hrs	10th Std+ Basic of Anatomy & Physiology
OT Assistant Level II	270 Hrs	10th Std+ Basic of Anatomy & Physiology
Lab Technician Level III	450 Hrs	10th Std + Lab Tech. Level II
Basic Testing Equipments	180 Hrs	10th Std+ Bedside Assistant
Dental Ceramic Technician level II	450 Hrs	10th Std + Dental Ceramic Assistant
Medical Record Technician	450 Hrs	12th Std
Assistant Diet Counsellor	500 Hrs	12th Std
Dialysis Assistant	450 Hrs	12th Std
Dialysis Technician Level II	270 Hrs	12th Std + Dialysis Assistant

3. Process of Admission: -

1. The admissions are based purely on merit as prescribed by the affiliating authorities against each course.
2. The candidates seeking admission to above courses must purchase the prescribed information broacher along with the admission form from the institute office.
3. The forms are also available by post by sending a self addressed stamped envelope along with the prescribed Prospectus fees in form of DD in favor of the College of Advanced Studies & Self addressed stamped envelope.
4. The Prospectus & admission form can also be downloaded from the Institute Website www.walawalkarhospital.com.
5. The candidate should legibly fill the admission form & submit within the specified date along with the required certificates, marksheets etc as mentioned in the form.
6. The forms should be complete in all aspects. Incomplete forms or received after the due date are liable to be rejected.
7. For more information or any queries, contact College office. {Contact No. (02355)264137 / 264149. Mob. No. 9326527275 or 9527936559}

5. BKL Walawalkar Hospital, Diagnostic & Research Centre

The trust has its own super speciality 250 bedded hospital functioning 24 hours & consists of various depts. well equipped with highly advanced routine & critical care state of art facilities at charitable rates viz.

CASUALTY: - For 24 hour emergency medical & surgical services with facility of minor operation theatre.

SEPARATE MALE & FEMALE WARDS- For IPD patient under going further in-house treatment.

ICCU- For critical patient care, air conditioned & equipped with ventilators, de fibrillators, Pulse oxy meters, cardiac monitor, non invasive blood pressure monitor (NIBP), etc.

NICU- For treatment of neonates, equipped with warmers, phototherapy units, incubators, ventilators etc.

SICU- For observation, treatment & post operative care of patients after surgeries & trauma.

GENERAL OPERATION THEATRE- 5 full fledge, well equipped operation theatres available for major & minor surgeries.

EYE HOSPITAL AND OPHTHALMOLOGY OPERATION THEATRE- A special unit of eye care hospital and operation theatre for eye surgeries is available in the campus.
