INTRODUCTION:

Modern Nursing is a dynamic, therapeutic and educative process in meeting the health needs of the individuals, the family and the community. Hence, it is mandatory to prepare nurses to occupy first level positions in nursing in all kinds of healthcare settings and also to develop in the students a sense of pride in their chosen profession besides keeping themselves abreast with current knowledge and professional trends for a successful career ahead. Samarth Nursing School started in 2001 & Samarth Nursing College started in 2007, function with sole objective to impart quality Nursing Education with emphasis on individualized attention and for the overall personality development of the students.

ABOUT KONKAN:

Konkan or the Konkan Coast or sometimes simply Kokan is a rugged section of the western coastline of India. It is a 720 km long coastline. It consists of the coastal districts of western Indian states of Maharashtra and Goa. The ancient sapta-Konkan is a slightly larger region described in the Sahyadrikhanda which refers to it as "Parashuramakshetra". It is roughly the land between the Western Ghats and the Arabian Sea, and between the Tapi river in the north and the Chandragiri river in the south. It includes the following districts of modern India: Thane, Mumbai, Raigad, Ratnagiri, Sindhudurg, North Goa, South Goa.

CHAIRMAN’S VISION AND MISSION:

Samarth Nursing College was founded by Shri. Vithalrao Joshi Charities Trust with the blessings from Shri Digambardas Maharaj and devotion of Bhakthshreshta Kamalakarpant Walawalkar the great disciple of Shri Digambardas Maharaj. Son of Bhakthshreshta
Kamalakarpant Walawalkar, Mr. Vikas Walawalkar is multifaceted personality with the aim of providing high tech medical services to people of Konkan Region and all around.

He has experienced the inner joy of making a dream to its reality of vision and mission of Samarth Nursing College. To improve the standards of Nursing Services and motivate the nursing to provide better and compassionate care to the sick and community.

OUR MISSION...........

Our Institute is dedicated to provide quality services in health care, education & social welfare with convenient and smooth mechanism to make the society healthy, literate, and self sufficient and satisfied in all aspects.

AIMS:

The aim of conducting these courses is to upgrade the students to:

- Assume responsibilities as professional, competent clinical personnel/ technocrats at basic level in providing Preventive, Promotive, Curative and Rehabilitative services.
- Make independent decisions in acute clinical situations protect the rights of and facilitate individuals and groups in pursuit of health, functioning of the hospital, community services and conduct research studies in the areas of various clinical practices.
- They are also expected to assume the role of Leader, Teacher, Supervisor, Manager, and Entrepreneur in clinical / public health settings.

OBJECTIVES:

On completion of these courses the students will be able to:-

- Apply scientific principles of knowledge in providing comprehensive health services, Preventive, Promotive, Curative and Rehabilitative to the individuals and groups in hospitals and communities.
- Assess health status, identify needs, plan, implement and evaluate service for patients / clients that contribute to health of individuals, families and communities.
- Demonstrate competency in techniques based on concepts and principles from selected areas of technical, clinical, physical, and biological and behavioral sciences.
- Participate as members of health team in the Preventive, Curative and Restorative health care delivery system of the country.
- Demonstrate skills in communication and interpersonal relationship.
- Demonstrate leadership qualities and decision making abilities in various situations.
❖ Demonstrate skills in guiding & teaching to individuals and groups in community health settings.
❖ Demonstrate managerial skills in community health settings.
❖ Practice ethical & moral values in their personal and professional life.
❖ Participate in continuing education & research activities and utilize research findings in improving their skills.
❖ Recognize the need for continued learning for their personal and professional development.

PHILOSOPHY:

“To assist the individual, sick or well, in the performance of those activities contributing to health or its recovery (or to peaceful death) that he would perform unaided if he had the necessary strength, will or knowledge and to do this in such a way as to help him gain independence as rapidly as possible”

- INTERNATIONAL COUNCIL OF NURSES.

Nursing is calling it is the provision of compassionate holistic care, with full utilization of knowledge & skills.

With the above philosophy in mind, the Trust has embarked in providing relief to the suffering to the suffering through proper education based on sound principles by scientific and technological advances.

ABOUT THE INSTITUTE:

Shri. Vitthalrao Joshi Charities Trust, since last many years is providing humble services like health care & social welfare through its BKL Walawalkar Hospital, Diagnostic & Research centre, Dervan, to the needy & poor population of the Konkan region, who were
previously deprived of such basic facilities. In this short span of years, the Institute has climbed a remarkable height of achievements in various fields & has gained a respectable status recognized, not only in the local or national level but also at international level. The Institute have promoted many social, health care facilities & is conducting various projects like- Medical & surgical camps, Cleft lip & Cleft palate, Community health program, Malnutrition camps, ANC checkup, “ladoo” distribution for Pregnant Ladies & Malnourished children, TATA rural outreach program for cancer, etc- with services of Indian & foreign specialists from Mumbai, England, Spain, Germany.

To cater the basic, higher & special educational needs of the society, for which the students had to travel miles away, the Trust established various education projects like Primary/Secondary English medium residential school, Junior College of Science, Samarth Institute of Nursing Education, College of Advanced studies etc. All the courses are approved by the Government & the respective Authorities like Nursing Council, State board of technical education, University of health science, etc & the institute fulfills the norms and standards laid by them. The admissions to these courses are purely based on merit & as per the norms of affiliating authorities. The trust has its own super speciality hospital which consists of various departments like Pathology Laboratory, Blood bank, Component Lab, X-ray radiography, ultra sonography, CT scan, Hemodialysis, Operation theatres which are well equipped with highly advanced facilities.

The institute has separate hostel & mess facilities for male & female students. The students are provided with individual guidance from skilled & qualified staff of the institute as well as from the eminent visiting faculties of the respective field. With this support & guidance the students are carrying out many social & clinical research projects successfully. The courses are proving to be very useful for our students in building their career. Many of the passed out students of our Institute are working in reputed Institutes on respectable posts. The pass outs have great demand at national & international sectors and have job opportunities in Government / Private Sectors & also helpful for self employment. The students are also provided employment in our parent hospital & other related projects as per the requirement.

- Chiplun City: - 16 km towards Ratnagiri.
- Ratnagiri City: - 80 km. towards Mumbai.

One can reach hospital by Bus or Train.

Nearest Bus Stand is Savarda, 1.5km away from Hospital. Nearest Railway Station on Konkan Railway is Savarda.

**SVJCT’S B.K.L. WALAWALKAR RURAL MEDICAL COLLEGE, KASARWADI - SAWARDE**
A medical college with 100 seats is envisaged for the year 2015 by S.V.J.C.Trust as there is a dire emergency to provide modern medical services to the rural population at their door steps. Medical students trained from this college are expected to offer their services to the local communities. This would then improve the overall quality of health-services in these communities. Students will get an opportunity to carry forward the research already going on at B.K.L.Walawalkar Hospital. Thus the main objectives of the Rural Medical College would be to achieve academic growth, provide good doctors in rural area who in turn would serve the rural population, give an impetus to research and thus achieve overall upliftment of the society as a whole.

SVJCT’S B.K.L. WALAWALKAR RURAL MEDICAL COLLEGE, CENTRAL LIBRARY

The medical college library has always a central position as the heart of an institution – both in terms of symbolically as well as physical placement. It is a “Temple of Scholarship.” To enter and use of library is considered as a privilege. The library reflects the values, mission, and goals of the institution.

The central library is spacious well lighted and air-conditioned reading halls with sitting capacity of 200 students and 25 staff members. Total numbers of books are 4374, which includes 1526 books of preclinical subjects and 1895 books of para-clinical & 953 books of clinical subjects. The library has 40 journals (28 Indian and 12 foreign). The digital library facility includes 25 P.C. with internet connectivity is available. In addition to this online M. U. H. S. digital library information free access for 13,000+ peer reviewed journals and 1300+ books is also available through internet. The library has collection of CDs and e-books. The library provides Xerox and Photo copy facility.
