About Us:

B.K.L. Walawalkar Rural Medical College started on 1st September 2015. It is attached to state-of-the-art 500 bedded multispecialty hospital established in 1996. This hospital is situated in a rural remote & economically backward region. It is involved in an extensive network of community based activities. The hospital has been organizing challenging competitions, innovative work-shops and lectures by renowned personalities, transforming the campus into a place buzzing with flurry of activities.

Highlights of CME & Workshop

Airway Management are the most important skills in armamentarium of an anaesthesiologist. This CME and workshop will cover lectures and hands on workshop by UK anaesthesiologists regarding the management of anticipated and unanticipated difficult airway situations and involved technical skills including Fibre optic intubation and cricothyroidotomy. And Non technical skills such as incidence reporting and patient education regarding difficult airway.
