

Activities:

Industrial visits: The institute organizes Industrial visits for students every year. The main aim of these visits is to provide an exposure to students about practical working environment and industry working practices. The gap between theoretical learning and practical exposure is actually bridged by industrial visits.

Visiting Lectures: The institute arranges lectures from prominent personalities from the field of education, industry, research which helps the students gain knowledge of the latest technology and have a different perspective for looking towards things.

Hospital visits: The college is attached to a multispecialty hospital. The students are encouraged to do hospital visits every week and learn different machines, its working and maintenance.
